

Our Venue...

Everyman Manchester - The design of the former car park has been re-created within the back bar where it forms a decorative back drop as well as practical drinks display. The finish is offset against rich timber and brass panelling, plush velvet seating, polished timber floor and modern marble tiling. Moving through the bar towards the auditoria, an intimate lounge area has its own distinctive 1960's flair with rosewood panelling and black brick cladding. Here you can also find a unique bed style booth seat, set below a mirror panelled ceiling, perfect for large groups.
